

**Lubert-Adler has invested
\$6.5 billion of equity in over
\$16 billion of real estate assets.**

Lubert-Adler has distinguished itself through the combination of opportunistic acquisition philosophies with value enhancement programs designed to create high quality assets at a cost basis well below their competitive set. Lubert-Adler invests in all property types throughout North America.

Value-Add Redevelopments

Lubert-Adler has historically been able to create significant value and gain a cost advantage through the acquisition and conversion of vacant properties and redevelopment into a higher and better use. Through redevelopment, Lubert-Adler is able to create income streams, rather than acquiring them, thereby capturing higher margins.
